PROFESSIONAL SUMMARY

Results-driven **Graphic & Visual Designer** with 2+ years of freelance experience creating compelling brand identities, high-converting digital marketing collateral, social media assets, and user-centric web visuals. Proven track record of conceptualizing and delivering visual solutions across **9+ live client businesses, portfolios, and eCommerce stores**. Expert at bridging creative aesthetics with digital usability using Photoshop, Illustrator, Figma, Elementor, and cutting-edge GenAI visual workflows.

PROFESSIONAL EXPERIENCE

Freelance Graphic & Visual Web Designer

07/2024 – PRESENT

Self Employed | Pune, Maharashtra

- Conceptualized, designed, and deployed complete visual identities, graphic collateral, and branded UI layouts for **9 live client websites** (business, portfolio, and eCommerce).
- Translated client brand guidelines and creative briefs into **high-converting marketing assets**, including promotional banners, social media kits, flyers, and digital ad graphics.
- Converted wireframes and UI/UX prototypes into functional, visually appealing digital experiences with seamless cross-browser consistency and responsive design.
- Customized themes and visual styling in **Elementor and WordPress** to deliver distinctive brand aesthetics, intuitive navigation, and high user engagement.
- Curated and retouched high-resolution product photography and visual catalogs for **WooCommerce stores**, incorporating custom payment badges and trust visuals.
- Implemented rigorous **image optimization** (SVG vectors, WebP formats, retina scaling), significantly boosting page load speed while preserving pixel-perfect quality.
- Integrated **GenAI creative pipelines** to accelerate concept mood boarding, custom background generation, and creative asset variations.
- Partnered closely with clients across project lifecycles—conducting requirements analysis, iterative design reviews, and providing post-launch creative support.
